Good Crowd Attends Lions Sports Day

A fair crowd thronged into Strathmore last Thursday for the Lions 1st of July Sports Day. The whole event started off with a parade from the King Edward Hotel corner, led by president-elect George Anderson. He was followed by a number of past presidents leading the Beeker Boys Band, who played the loud music necessary to every parade. A series of floats, gaily decorated, followed, entered by a series of organizations and businesses in the town. Two sack-race games, with members of the local troop of the reserve army followed, and then the decorated cars and bicycles brought up the rear.

Arriving at the Royal Bank Corner, the parade stopped, and observed two minutes silence, in memory of their brother member, Mr. Kay Singer, who had only two days previously lost his life in a drowning accident at Cheshmere Lake. Following the playing of "Nearer My God To Thee" by the band, the parade moved on.

It broke up at the swimming pool, where a number of swimmers from the Calgary Swimming Club were gathered. For the crowds who filled the pool area, they gave a demonstration of swimming and water safety, which interested everyone. The demonstration was under the Community Council.

At the same time many had moved down to the baseball park, where Strathmore fans were provided with some very excellent baseball. The first game, between Strathmore and

Rockyford, was the best game seen in Strathmore this year. For sixteen innings Jack Crellin and Bryan Gibson, Calgary Legion Junior Pitcher, pitched brilliant baseball. At the end of the 5th inning the score was 5 to 5 and remained at that until in the first half of the 16th when Rockyford scored two runs. Strathmore again tied up the game when they connected for two runs off Mac Kay who took over from Gibson for the last half of the 16th. The game was then called in order to play the rest of the games.

In the second game Beiseker defeated Nightingale 7-3. Plants pitched in Beiseker, Olmuk and A. Crellin for Nightingale.

In the last game the combined teams of Rockyford and Strathmore defeated Beiseker 4-1 in a 4 inning game. Isom was the winning pitcher and L. Schmalz the loser.

Town Council Regular Meeting

Mayor Patrick, and Councillors Roberts, Ferguson, Chase, Siemens and Quirin were present at the Council meeting held on Tuesday evening in the Town Hall.

A query over the high rate of tax levied on his property this year. He was informed that taxes generally had gone up, and that a court of appeal would be held near the end of this month, at which time he might appeal the assessment. Only the assessment may be appealed, it was pointed out, not the tax, since the tax is governed by the amount of money necessary to run civic affairs.

A report was received that a fire equipment company would undertake to have the siren repaired, only, and no estimate was given on labour. It was agreed not to accept. Several old age pension applications were presented at the meeting. Council cannot either accept or reject pensions, but may protest to the provincial government if it feels warranted. None were protested.

Doug Keer Elected Municipal Council

Saturday last was election day in Bow Valley, and the seat vacated by Mr. Ted Hartell was being contested. Mr. Doug Keer was the successful candidate made out to one. Other candidates in the election were Messrs Walter Rison and C. E. Way.

Taxes Skyrocket

Ratepayers generally have been unhappy over what they consider "high taxes", but just about the limit was reached the other day when a Bow Valley tax notice was made out to one farmer for ten thousand five hundred odd dollars. We'd like to have seen the ratepayer's face on receiving it, but the BV staff caught the error. The five hundred part was right, but the ten thousand was a little high, they thought.

Canada Ships 'Coons for Zoo

A shipment of eight raccoons destined to the Dudley Zoo in Worcester, England, is going forward by the C.P.R. steamship "Beaver Cove" from Montreal. The animals were captured on Beausoleil Island, one of a group of islands, comprising the Georgian Bay Islands National Park in Ontario. Their diet on the journey will consist of nuts and vegetables, but they are not likely to refuse an offer of corn-on-the-cob, a juicy apple, a bunch of grapes, or even a ripe watermelon from the ship's larder. In fact they relish scraps from the kitchen as much as anything else in their wide menu of foods.

Raccoons are now fairly plentiful on Beausoleil Island, which they share with many other wild animals including elk, white-tailed deer, red fox, porcupine, black bear and grey squirrel, chipmunk, muskrat, mink, and weasel. The wild creatures provide one of the many attractions on this popular summer playground and wildlife sanctuary.

New Pastor Inducted Into Gleichen Charge on Friday

The service for the induction of Rev. A. D. Pringle, pastor of the Gleichen charge, comprising Gleichen, Arrowwood, and Cluny, was held on Friday evening in the Gleichen United Church, with Gleichen and Cluny congregations attending. Arrowwood was unable to attend.

Rev. Powell of Calgary was in charge of the service. The processional hymn was sung, after which Rev. Powell read the lesson and led in prayer. The charge to the minister was given by Rev. Wood of Calgary.

Rev. Hamilton of Strathmore gave the charge to the congregation. After signifying their acceptance, Rev. Powell proceeded with the service of induction.

A hymn was sung followed by the benediction by Rev. Pringle, the new minister. The congregations were introduced to Rev. and Mrs. Pringle at a friendly social hour with refreshments served by the church committee.

Mr. and Mrs. J. E. Holland and H. Fisher spent Sunday visiting at the home of Mr. and Mrs. Jack in passing his University Examination.

Emil Cammaert's Rockyford Cattle Win Show Honors at Drumheller

Honors at the regional Shorthorn show held last Wednesday in Drumheller were taken by Emil Cammaert of Rockyford with his outstanding animals. Prizes taken by this breeder included the grand championship, the grand championship for female and junior championship for female.

The show was sponsored by the Alberta Department of Agriculture, Canadian Shorthorn Breeders Association, Alberta Shorthorn Breeders Association and the Drumheller District Agricultural Society. Keen competition was evident in the junior stock judging competition, in which Bob Hymas of Rosebud took third place. Mr. Hymas also took second place in the two year old bull class. He is a member of the Rosebud Junior Beef Club.

Nightingale

by Mrs. F. H.

The weather man was very kind last Monday when the teachers and pupils of the Nightingale school journeyed to St. George's Island, Calgary, for their annual picnic. There was an abundance of good eats and all the ice cream the children wanted. A program of races helped pass the time away. Every one enjoyed the change and the pupils and teachers do appreciate the splendid co-operation of the parents.

Mrs. Peter McLean was hostess to the W. L. at the hall last Friday. The roll call was an ordeal, but many forgot to bring theirs. Among those of interest were some shoes of the long ago styles. Plans for a dance on July 23rd were made and the W. L. hope for a real good time. A delicious lunch was served at the close of a pleasant afternoon.

Mr. and Mrs. Chris Cullen are enjoying a few weeks holidaying at Craig Creek.

Mr. and Mrs. Glover are spending two weeks with relatives in Sask.

Hussar Notes

by Mrs. M. C. B.

On Tuesday evening those interested in building a new sports area gathered at the school house to discuss plans for play grounds, and other sports, as \$460.00 was cleared from the sports day on June 18th.

A new executive committee was elected with R. MacLean as president, E. Seclay vice president, Mrs. H. L. Moulton, treasurer and Mrs. Don Brown secretary.

The village has two parks which are available for playgrounds, and a good sports ground. Mr. Phil Rogers, one of the trustees for Bow Valley School Division, was present and announced that the Division has some playground equipment which they intend to install as soon as their repair man can do the work. This was welcome news.

Good Support for B.C. Flood Fund

Quite strong support has been given the local effort to furnish aid to the flooded out people in British Columbia. It was learned at a committee meeting held Monday evening to check progress. At that time receipts amounting to \$106.00 had been received, and the committee were well pleased.

Many canvassers have found, however, that with the end of school, and the baying season, they have not had sufficient time to cover the people in their districts, and it was agreed for their sake to extend the time of the canvass for two weeks. Stampede week was considered to be of little help, so that the extra time was certainly needed, the committee felt.

The canvass was started two weeks ago, with the idea of contributing to the B. C. Flood Relief Fund on a community basis, instead of having separate appeals made to each organization in the area.

Gleichen Community Fetes Sammons

A community gathering was held in Meadowbrook hall to honour Mr. and Mrs. Karl Sammons, who are leaving shortly to make their home at Cochrane, Alberta.

Steed's music, with the help of Mr. Art Bremner, provided the evening's entertainment. Part way through the program, on behalf of the community, Mr. J. A. MacArthur presented the guests of honour, Mr. and Mrs. Sammons, with a lovely china cabinet, with the best wishes of all Mr. and Mrs. Sammons expressed their very sincere thanks, how sorry they were to leave all their friends, and invited all to visit them in their new home. Choice refreshments were served.

The W. L. on the Blackfoot Indian reserve gave a farewell party Friday, June 25th in honor of Mr. Horn who is retiring from the staff.

A picnic was to be held at the river, but owing to the rain, plans were changed and the party was held at the home of Mr. and Mrs. Wm. Pugh.

The evening was spent in playing games and a friendly social hour followed. Mr. and Mrs. Horn are leaving Gleichen shortly.

Robert H. Riddell was successful recently with first class honors in chemistry.

Correction from last week: the annual UFA and UPWA picnic is August 8th, for members and invited guests only. Everyone is requested to bring lunch.

J. H. Sammons of Gleichen passed away in the Holy Cross Hospital in Calgary Monday morning.

Handiwork Prizes Won at Exhibition

Mrs. John Ekas was successful again in the Handicraft Section of the Calgary Exhibition, and came home with no less than seven prizes. Included in her firsts were Table Runner, Dresser Scarf, Buffet Set, and House Coat, while the took seconds in Lunch Cloth, Kitchen Novelty and Kitchen Apron. Miss Fanny Tomelin took a first in the Hooked Rugs, and second in Crocheted Afghan.

Obituary

The whole community of Hussar was shocked and saddened at the accident which took the life of Mr. Andy Andersen, a very highly respected citizen of Hussar for many years. The accident sent his son, Manville to Calgary General Hospital. The Presbyterian Church in Bassoano was crowded to capacity for the funeral of Mr. Andersen on Tuesday, June 27th. There were many beautiful floral tributes at the service, over which Rev. D. Flint presided. The pall bearers were Messrs. Lewis Clark, Frank Brink, Edward Bell, Tom Burdett, Paul Larsen and Karl Knudsen. Interment was made in the Bassoano Cemetery. We are glad to be able to report that Manville Andersen is gaining rapidly from the effects of his accident, and may be out of the hospital before long. He may return to California with his brother, Ivan, who came up for the funeral and who will remain for a week or longer.

"LET'S GO FOR A WALK"

Strathmore citizens used to boast to many of their friends from other small towns over the sidewalks Strathmore boasted. Particularly were they proud of their concrete sidewalks, and they could well be, when many towns larger had less or no sidewalks.

The concrete walks were a feature developed over many years and a number of council meetings by Mr. Harry Miner, who suggested that the maintenance bill on wooden walks could be materially cut by the building of concrete walks, even if the initial cost were quite high. When it is remembered that the maintenance bill for wooden walks used to run in the neighborhood of five hundred dollars each year, it may be seen that Mr. Miner had a strong feature in which to be concerned.

For six or seven years, one block of concrete was built each year, but in 1942 the Town Council felt that the war effort needed both the cement and the manpower, and postponed building of sidewalks until after the war. Most citizens were in accord with this move.

From a point of view of supply and labour, the situation was still pretty poor in 1946, a year after the war, and when the matter was mentioned in 1947 it was suggested that since the Town was very strongly considering the installation of waterworks, it would not be wise to build any more concrete, which might be broken through with the digging of tunnels for water and sewer mains.

So far this year, no mention has been made of concrete walks, presumably because the waterworks is still in the picture.

But we think it is time, nevertheless, that the building program was resumed. Many of Strathmore's wooden walks are in bad shape, and cannot for long be repaired...they must be rebuilt. And lumber costs these days will send the price of wooden walks soaring.

The danger of walks cracking here should be no greater than it is in Calgary, and they tunnel under their walks there quite frequently. And for that matter, even a cracked concrete walk is

preferable to these broken down board walks, with gaping holes, with nails protruding, or worse still, with boards which swing up and catch you in the face.

For many of the war years, the Council wisely laid aside roughly the cost of a block of concrete each year, so that the program would be right up to date when it was resumed. The money is part of the present reserve. It is time it was spent for its original purpose.

POOR BUS SERVICE

Service of busses to and from Calgary by the Greyhound Bus system was resumed last week after a lapse of almost five months, broken only by the running of three busses about a month ago. During two months of that time, local citizens were without daily train service also, owing to repair work being done on Eagle Lake. Even though we were only thirty miles from Calgary a feeling of isolation grew up.

Now we appreciate the reason for the suspension of bus service being the fact that the roads east of town were impassable, but at the same time we are cognizant of the fact that the Greyhound Bus company holds a franchise for bus service to Strathmore which gives them the exclusive right to carry passengers to the town by bus. No other bus can come in here and load or unload passengers.

For most of the time the Greyhounds were not running, a small private bus was running from Standard to Calgary daily, and passing within the town limits on the No. 1 highway. However, it cannot gain a franchise to pick up passengers within the town, this notwithstanding the fact that no other service was offered. Strathmore citizens were left to phone their neighbors or use their thumbs.

Now we feel that the granting of an exclusive franchise also bestows an obligation. If the government grants exclusive rights there can be only two reasons for so doing: firstly, to ensure the best service possible to the travelling public, and secondly, to provide a monopoly for the bus companies. Only the first reason has any place in a democracy interested in its citizens, but we feel that this franchise has denied Strathmore's citizens the best service possible.

Few other businesses enjoy this protection, and the public generally is better served under free competition. The franchise on bus routes should not be continued if the obligation cannot be maintained.

In Others' Words

County Council Program

Reading the minutes of county council we were struck with the number of reforestation plantings which are being started and will be kept up by Wellington County. Many of these are parts of farms, presumably useless for any other purpose, which are being reforested. Many will function as windbreaks, and still others as experimental plots where the results of proper care are easily seen from the roadside. In a number of cases land has been given by men who have owned these farms for years. These gifts have been accepted gratefully by the county and will provide living memorials throughout the years.

For there is no doubt that the whole of the southern part of Ontario will have to have an intelligent program of reforestation if it is not to follow in the path of all those sections where mining of land, erosion and the injudicious cutting of trees has created a wilderness of waste land where a garden was intended. We drive along the highways and see the good farms but all too seldom we either see or look for the bad lands where the trees

should never have been cut, the streams with the banks all bare and nothing left to hold the winter snows, the hills and banks where deep gullies in the soil show all too plainly that there is nothing left to hold the good earth where it belongs.

Travelling through the country with a car full of children we have often played games of counting pines, oaks and other animals. One day somebody suggested counting erosion—meaning hills and fields where it could be seen. It was a highway through one of the most prosperous sections of Wellington county and the count was high enough to make one very conscious of the carelessness in even the best managed sections.

It is encouraging to see that the county council is giving this lead to a program that is most necessary. Also to see that they are lending a maximum amount of support for the agricultural development of this county, as was evidenced in the presentation of trays to the boys won at the Royal and the provision of a Scholarship at the O.A.C.

GRASS

John J. Ingalls, in The Budget

Lying in the sandhills among the luteous and fuliginous of May, scarcely higher in intelligence than the minute tenants of that mimic wilderness, our earliest recollections are of grass; and when the tiffle fever is ended and the foolish wrangle of the market and forum is closed, grass hanks over the scar grass is immortal. Beleaguered by which our descent into the bosom of the earth has made, and the car,

pet of the infant becomes the blanket of the dead. Grass is the forgiveness of nature — her constant benediction. Fields trampled with battle, saturated with blood, torn with the ruts of cannon, grow green again with grass, and carnage is forgotten. Streets abandoned by traffic become grass-grown like rural lanes and are obliterated. Forests decay, harvests perish, flowers vanish, but grass is immortal. Beleaguered by the sullen hosts of Winter, it with-

of its subterranean vitality, and emerges upon the first solicitation of Spring. Sown by the winds, by wandering birds, propagated by the subtle agriculture of the elements which are its ministers and servants, it softens the outline of the world. It bears no blazonry of bloom to charm the senses with fragrance or splendor, but its homely hue is more enchanting than the lily or the rose. It yields no fruit in earth or air, and yet, should its harvest fail for a single year, famine would depopulate the world.

Carseland Notes

A family reunion was held at the Bergquist home at Carseland on June 27th to greet Miss Inga Pikkal who recently arrived from Norway, and Mr. and Mrs. Anders Pikkal, visitors from Seattle. Among those present were Mrs. Victor Thompson, Mr. and Mrs. Ernie Gougeon, Miss Donna Gougeon, Miss Marlene Jones, Mr. and Mrs. Arthur Bergquist and Mr. and Mrs. Sep Washburn, all of Calgary. Also present were Mr. and Mrs. Olaf Pikkal and Mr. and Mrs. Orville Pikkal of Standard and Mr. Wm. Bergquist of Carseland.

The Carseland United Church wishes to announce that Sunday School will be discontinued for the summer holidays.

Mr. E. A. Shielley of Calgary is visiting at the home of his daughter Mrs. D. J. McKinnon.

The Carseland Baseball Club visited Nightengale on June 23rd to carry off first money in the tournament there. In the first game they defeated Strathmore by a score of 7 to 5, and then proceeded to 3 to 1.

Mr. Jack Cole of Sylvan Lake spent a few days in Carseland last week visiting all his old friends. He also went with the baseball team to Nightengale on Wednesday where he helped the boys win the game against Nightengale. Mrs. Jack Cole and Bobby are visiting her parents Mr. and Mrs. O. Strena.

A very delightful party was held

EVERYBODY'S BUSINESS

In our daily lives all of us must mingle and perhaps work with people whom we do not like. And this presents a problem which everyone should recognize and attempt to solve.

Obviously we cannot "hate these people off the earth". We must somehow adjust ourselves to associating with them.

"It takes all kinds to make a world." And, after all, there are bound to be some people who do not like us. So we should try to develop a spirit of tolerance.

More important, we should try to conceal our dislikes. For when we show our feelings, it merely makes matters worse.

On the other hand, if you make even a little effort to be kind and courteous towards those who "rub you the wrong way", it will make your relationships with them more pleasant. And eventually it may even lead to genuine friendships.

For another aid to happier, more successful living, try to cultivate peace of mind in every possible way — especially financially. Life insurance offers the most dependable and effective way to achieve this for yourself and your family.

Rural Gleichen

There will be morning prayer in St. Andrew's Church on July 11 at 12 noon. This service will, in the absence of our own incumbent, be

at the hall on June 23rd in honor of Mr. and Mrs. H. Bonitz who celebrated their silver wedding anniversary. Mr. N. J. Mutch presented the bride and groom with a beautiful set of silver for which Mr. and Mrs. Bonitz graciously thanked their many friends.

The Baseball game between Carseland and Strathmore on Sunday was rather a long drawn out affair with first one team holding the lead and then the other. However Carseland finally made the grade by defeating Strathmore by a score of 21 to 17.

Mr. C. E. Cole and Mr. Les Field are following the radiator cap of Les' car around the country and when last heard of on Sunday they were in Innisfail. They will be home when they get here.

conducted by the Rev. G. Flagg, Rector of Christ's Church, Macleod.

Lou Michael, who recently fell and hurt his knee, has now discarded his crutches.

Mrs. P. Deshayes entertained Saturday afternoon a few friends in honour of Miss Y. Renaud, who is visiting at present in Gleichen.

Miss Y. Renaud of Calgary is spending her holidays with her sister, Mrs. A. N. McLeay, Gleichen.

A number of Gleichenites attended the stampede in High River July 1st, among them being Mr. and Mrs. Buster Stott and family, Mr. and Mrs. H. Stott, Mr. and Mrs. G. Yule, Fred Steinhauer, Melvin Service, Lloyd Riddell, L. Jeffers and others.

Following are the winners of the raffle of the Ladies Curling Club, which was drawn for at the Legion dance, Friday night. Mrs. R. Bilek won first prize, which was a pair of blankets, and Mrs. A. F. Wilson won second prize which was a Presto pressure cooker.

Stuart Hampton has purchased a bungalow at the west end of Gleichen. It is located next door to N. R. Anderson's residence.

rolling pin lightly.

In cooking pastry, a very hot oven 425 degrees F. for the first 10 to 15 minutes is essential. The heat causes sudden expansion of the cold air which has been enclosed in the pastry during the rolling and also sets the crust quickly. The oven temperature may then be lowered to 325 degrees F. to cook the filling completely.

For a double crust pie, have the upper crust rolled out before putting the filling in the pie or else the bottom crust may become soaked and soggy. The upper crust should be a little larger than is needed so that it will not have to be stretched in fitting it into the pie pan. Prick the upper crust with a fork or make several small slits in it so that the steam may escape during cooking.

HOT WATER PASTRY

$\frac{1}{2}$ cup shortening
 $\frac{1}{4}$ cup boiling water
 $1\frac{1}{2}$ teaspoons salt
3 cups sifted all-purpose flour
or 2 1/2 cups sifted pastry flour
Cream the shortening. Stir in boiling water. Cool slightly. Add salt and flour, mixing it in with a quick cutting motion. Do not stir. Chill. Divide into desired portions to roll out.

SOUFFLES

The casserole should be greased only on the bottom. If the sides are ungreased the mixture will rise and hold its full height. Then, after the soufflé mixture is poured into the casserole, there is another trick that helps. If a teaspoon is run around about an inch from the edge of the casserole, making a track in the mixture, the soufflé will have a golden crown when baked. Low heat is essential in cooking soufflés. It is wise not to peek until the soufflé has been in the oven for about forty five minutes.

RECIPES

In making more than one pie crust or shell, divide the dough and roll out just one crust at a time. Roll from the centre toward the edges and handle the

Painted Woodwork—Use a moderately strong solution of washing soda and cold water. Brush on quickly and immediately rinse off with clear warm water; this will remove the dirt.

Wall Paper—To clean soiled wall paper, use any of the following preparations:

1. Pieces of bread from a two-day old loaf rubbed lightly over the surface. Renew the pieces as they become soiled.
2. Raw dough can also be used for cleaning wall paper.
3. Bran or oatmeal is also effective. Place the bran in a muslin or cheese cloth bag and wipe over the paper with it, beginning at the top and working evenly. Commercial products are also available for this.

Windows—When cleaning windows use a good chamolis leather. Where there is more than one window in a room, a quick method is to rub each window over with a rather wet leather, returning with it well wrung out and finally polishing with newspaper. Many housewives add a few drops of ammonia to the water.

Stobart Notes

Mr. and Mrs. Foster Ferguson of Edmonton are visitors of relatives in the Stobart area.

Mr. and Mrs. Earle Baker and family, Mr. Ed Hutchison and Leona McLean were visitors at the home of the latter's parents Sunday.

Mr. Jack Hewson was a Calgary visitor during the week.

We are glad to see Mr. Pete Tower up and around again. Pete says he is feeling much better.

Many Stobart residents attended the Stampede Monday.

Miss Leona McLean journeyed with the Strathmore Young People's Band over July 1st. She reports having a wonderful time.

Miss Joan McLean of Calgary spent the holiday with Miss Leona at Bassano.

Don Foster arrived home from Medicine Hat over the holiday returning Saturday morning.

Quality Tests Apply in Every Step of the Production of "Calgary" Beverages

THE fact that "Calgary" has built one of the most modern equipped plants in Canada around one of the finest artesian wells on the continent is one factor that contributes much to the leadership enjoyed by the Horsehoe and Buffalo Brand products. Another important factor is the added protection of "tests for quality" that follow each production operation.

Now as ever, call for "Calgary" the Quality Ginger Ale, with confidence!
